

Sheepdog Competitors,

For those that may be new to the Sheepdog CCP Championship I wanted to take a brief opportunity to explain how our prize table works. There have been times at other matches when during the random draw, people have had their ticket drawn for a (cap or a patch, etc.) which no longer makes them eligible for the top prizes from the prize table (like a firearm). We find that procedure unacceptable.

We have 3 categories of prize table items. Gold, Everything Else and Shooter Bag Items. Our Gold prize table items will be drawn on Sunday after the match and you do not need to be present to win. You must have participated, but if you shoot on Saturday and go home, you are still eligible to win a Gold prize table item. We will draw for the guns FIRST so that every shooter is eligible for a gun FIRST.

Thanks to the tremendous efforts by Mark Few, our Sponsorship Coordinator it is guaranteed everyone will be selected for the random draw for "Everything Else" prize table items. You do have to have participated and you must have stopped by the Pavilion to claim your prize table item.

Shooter Bag Items (pens, stickers, caps, patches, etc) are first-come first-serve. We have 250 Ruger hats in that category so it is guaranteed that everybody at least gets a Ruger hat.

Lee "TR" Turner  
Match Director
