

2020 Sheepdog Refund Policy

Historically, the Sheepdog CCP Championship has had a no refund policy except in the most extreme circumstance (death of a competitor). This policy will continue but I wanted to take this opportunity to clearly explain what that means and its impact on you as a shooter.

If you cannot attend the match after you have registered and paid, then you have 2 choices:

1. You can attempt to sell or transfer your slot to another shooter. In this case **DO NOT WITHDRAW USING PRACTISCORE**. We will play no part in that transaction except to change the shooter information to the new competitor. If we sell out and have a waiting list **AND** we are aware that you want to sell/transfer your slot, we will put you in touch with the first person on the waiting list. You get to make the deal and tell us that we can change the shooter information.
2. Withdraw your registration. We will honor that, withdraw your registration and then immediately delete it to open it up for another competitor should one be available. There will be no refund.

Our goal is to provide more of an impact on our chosen charity, The Lowndes Blue Line Ladies and we hope that you can understand our position.

Respectfully,

Lee “TR” Turner

Match Director
